

## LANA`I REFERENCES (Geographical Listing)

## LANA`I

State of Hawaii -- Department of Health (DOH) (2002). *On revising the water quality criteria for ammonium in coastal waters - technical report.*

**SE Lanai, Huawai Bay, Kaluakoi, Kapihaa Bay, Hulopoe Bay, Kalaeokahano, Makole, Awehi**

bay (harbor) / dissolved solids (salinity) / marine / nutrients / ocean / silica (silicate) / fishpond

U.S. Environmental Protection Agency (EPA). Storet Legacy Data Center for the period 1973-98:

**Manele Bay, SE Lanai**

77-97: dissolved solids (salinity) / oxygen (DO) / microbes (bacteria) / nutrients / pH / suspended solids (TSS) / temperature / toc

U.S. Environmental Protection Agency (EPA). Storet Legacy Data Center for the period 1973-98:

**Hulopoe Bay, SE Lanai**

76-97: chlorophyll / dissolved solids (salinity) / oxygen (DO) / microbes (bacteria) / nutrients / marine / pH / suspended solids (TSS) / temperature / toc / turbidity  
78: toxic metals

U.S. Environmental Protection Agency (EPA). Storet Legacy Data Center for the period 1973-99:

**Manele Bay, SE Lanai**

82-83: marine / PCB / pesticides / pesticides (tissue) / solvents / toxic metals
